Email: _____

Registered Players up to 10 or 12 if only one team in the league or entry team

1. Captain:
2. Vice: 11.
3. 12.
- 4.
- 5.
- 6.
- 7.
- 8.
- 9.
- 10.

You may leave a space free and fill it in if a new player joins the club/team mid-season. Please inform me 14 days before that player plays their first game.

Players cannot be taken off the registered team once registered for any other reasons than leaving, maternity or injury. Captains must inform the panel, with their reason for wanting to do so before the player can be removed and /or replaced.

With the increase in squad size, this should not have a detrimental effect on any teams.

If a player is registered in another team within your club, she cannot be moved into any of your higher teams during the season unless she is moved into a space that has become available for the above reasons only. Again please apply to the panel at least 14 days before that player plays for a higher team within the club.

A player may play up only twice for a club and twice is counted across all the teams that club possesses e.g. If a club has 3 teams a player can only play once in 2 of the higher teams or twice in one of them.
